The below was specifically excluded from the 2010 Playing Regulations whilst the 'Development Division' makes progress but nevertheless forms the basis of the concept :-

A Division for 'development' teams will be created from season 2010 for those clubs wishing to play 'friendly' fixtures with no restrictions on the number or age of senior players, i.e. there will be no player registration issues and the matches will not be official in the sense that playing statistics will be irrelevant.

The intention is to encourage and develop young players with senior players providing coaching under match conditions and also helping to transport the teams to away fixtures.

The matches will also provide opportunities for those players playing in 1st and 2nd XIs on Saturdays who would otherwise be deprived of a game on a Sunday under the present 3rd XI age restrictions.

It is expected that the matches will follow similar regulations to those of the 3rd XI matches but the clubs involved will be free to agree their own match conditions.

The above fixtures have been collated by Mike Leddy to whom all queries should be referred with reference to the playing format whilst the Division develops under the auspices of the L&DCC Cricket Committee.
